## Re.: Staff Mobilization Arrangements

Dear Sir / Madam,

Please be reminded that entry to Sakhalin Oblast is only allowed upon presentation of a digital pass, the result of a COVID-19 test run no earlier than three (3) days prior to arriving in Sakhalin Oblast, and a copy of your employment contract. As far as the lab results presentation timing is concerned, please be advised that the three-day period commences on the date the lab results are issued. The wording "at least three days prior to arriving" means that the test result should have been issued no earlier than three days before, with the test result certificate clearly specifying the test result issue date. Before choosing the testing date, make an allowance for the time it will take the laboratory to process the test.

As a case in point: Your flight is scheduled to depart on September 15 and to arrive in Sakhalin Oblast on September 16. Your nearest laboratory will issue the test result within 4 days. You should then undergo the test on September 9 or 10. The result will come back on September 13 or 14.

You may be denied entry to Sakhalin Oblast if you fail to provide a negative COVID-19 test result.

Yours sincerely,
