

Meeting with the Public of the Nogliki District

23 May 2021

Central District Library
(5A Pogranichnaya St., Nogliki)

11:00–12:10

Representatives of Sakhalin Energy

1. Andrey Zaytsev – Deputy Head of OPFC Construction Department, Head of Construction
2. Sergey Vinogradov – Specialist of the Environmental Monitoring and Biodiversity Conservation Subdivision
3. Ekaterina Meger – Chief Specialist of the Information Support and Media Relations Subdivision
4. Elena Glavanova – Communications and Community Liaison Specialist of the Information Support and Media Liaison Subdivision

Community: five people

Agenda:

- Sakhalin-2: the company's production facilities, benefits for the Sakhalin Oblast.
- Company's activities during the COVID-19 pandemic.
- Environmental impact management in the Nogliki district in 2020.
- Sakhalin Energy social performance.
- Community grievance procedure.
- Questions and answers.

At the beginning of the meeting, E. V. Meger warned those present that the meeting would be audio recorded for the subsequent drawing up of the minutes (the minutes of the previous meetings are available on the company's website).

E. V. Meger started the presentation with the information about the awards and recognition the company received in 2020.

A. A. Zaytsev spoke about Sakhalin Energy's production facilities (three offshore platforms, OPF, OPFC, trans-Sakhalin pipeline system and its protection, and the pipeline maintenance depots), the benefits for the Sakhalin Oblast from the Sakhalin-2 project, and the company's personnel structure.

E. V. Meger reported on the company's activities during the COVID-19 pandemic, spoke about setting up the General Coordinating Committee, temporary accommodation facilities, logistics support, and personnel health precautions.

S. A. Vinogradov spoke about the industrial environmental control and waste management, the environmental monitoring and biodiversity conservation programmes, and the company's preparedness for emergency situations.

E. V. Meger presented information about Sakhalin Energy’s social performance, focusing on the social investment programme in the context of COVID-19 and the project launched together with the Sakhalin Oblast Ministry of Health to supply healthcare institutions with equipment and consumables for anti-COVID measures.

Also E. V. Meger reminded about the community grievance procedure and finished the presentation by referring to the company’s 2020 sustainable development report for more detailed information.

The company representatives recorded all the questions asked during the meeting.

Question <i>(in the wording used by the speakers)</i>	Answer
You talked about the gray whale monitoring programme. We have marine mammal rescue trainings going on in the area. Can you tell if any of them have been rescued?	<p>S. A. Vinogradov: These trainings are conducted by Boomerang Club volunteers, who have already rescued several pinnipeds.</p> <p>E. V. Meger: A Boomerang Club's marine mammal rescue project, Sakhalin: Man and the Sea, was supported by Sakhalin Energy under the Energy Social Initiatives Fund</p>

At the end of the meeting, Ekaterina Meger suggested that the attendees leave their feedback on the meeting in the feedback questionnaire.
